DR. NORTHCOTT OUT ON $8000 BAIL

Dr. Ephram Northcott breathed the free air of liberty on Thursday afternoon when he was released from prison on bail furnished by friends.

Judge Buck on Wednesday granted the application of the doctor's attorneys for bail and fixed the amount at $8000. The sureties qualified yesterday and the bond was approved by Judge W. T. Harris, presiding judge of Alameda county. They reside in that county. They are Mrs. Margaret Anderson, wife of A. P. Anderson, the multi-millionaire mining operator who is out of the state at present and who would have gone on the bond had he been in the state, and John Borges of Benicia, a friend of the doctor's. Mrs. Northcott was here to greet her husband as he left the jail. Both were radiant with smiles as they departed for their home in the city. Mrs. Northcott comes from a prominent and wealthy Glenn county family. She was born and educated in that section.

Attorney Cunningham, who is the attorney for the accused doctor, is a relative of Mrs. Northcott. Her name before her marriage was Miss Simpson and in her girlhood was known as the most beautiful woman in Glenn county. The Simpsons have lived there for over half a century. They own vast herds and endless tracts of rich land. There are many former Glenn county people living in this city and in the county who knew the family well. The doctor was twice married. Mrs. Northcott is over twenty years her husband's junior, he being 52 and she 31.

"We gave it for war, let's give it for peace."

"Let's Yank it over."

"The first loan took him over, let the fifth bring him back."

LOCAL MERCHANTS HOLD THEIR WEEKLY BANQUET

The weekly meeting of the Redwood City merchants held in a local cafe on Thursday was largely attended and some important matters were discussed. The merchants at this luncheon heartily endorsed the five propositions in the coming bond election. After hearing a thorough explanation of the needs of the money to make municipal improvements by City Attorney Albert Mansfield the merchants strongly advocated the success of the election and will from now on make a vigorous campaign for the bonds. They are all good business men who know what the city needs, know that these improvements are needed and are necessary if Redwood City desires to progress as a modern city.

The Chamber of Commerce is also behind the bond election. Its members are boosting for its success.

The merchants also took up the matter of the increase of the telephone rates. A strong protest was entered against the outrageous raise. Many of the merchants are thinking of taking out their phones. All were indignant and strongly condemned the policy that warranted the increase. Other important matters will be discussed at the next luncheon on Thursday, May 8.

STANLEY WOOD RETURNS

First Sergeant Stanley D. Wood, son of Dan Wood of Redwood City, returned on Sunday with the 159th Infantry. He was in Company E. Justice of the Peace Ray Griffin, Harrris Barton and a number of Redwood City friends went over to Oakland to greet hi mupon his arrival.

DR. W. A. BROOKE HAS APPLIED FOR LETTERS

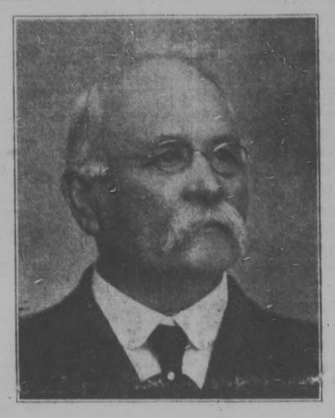
"Our boys paid, have you?"



BANK PUBLICATION PRAISES LOCAL NATURALIST

The Bankitaly Life, a monthly paper issued by the Bank of Italy contains the following article concerning Chas. Littlejohn, Redwood City's great naturalist:

"A garden-girt cottage on the northern confines of Redwood City has become a mecca to men that marvel over the mysteries of woodcraft. Here may be seen an apostle of the wild, feeding honkers from his hands, and yet these wild geese are the wariest waterfowl in the world. Dumb beasts seem to read the fond fellowship that gleams in the brown eyes of this man as the sunshine streams through the lenses of the brooks and plays upon the shimmering sands beneath. Adriot must be the interview to draw from the modest man tales and truth that reveal the wired wonders of the wild from Pt. Barrow to the Cape of San Lucas. These very honkers that gabble their gratitude to him have been wrested as embryos in eggs from nests most artfully concealed in the dreariest morasses of the most sequestered Sierran lakes. Human footfall has not trod more noiselessly than has his upon the snow-clad floor of Arctic game-haunts in surprising seal and polar bear, nor has oar e'er turned on more silent thole than his in stealing upon alertful otter in Siberian seas. The mystic ways of folks in furs and feathers have been divided by him, be it the loneliest gull on the bleakest cliff of Baja, California, or the slyest fox that shrifts its hue with wizard ease to fool the skeed pursuer of its coveted coat against icy blasts. This wide-ranged naturalist is a Redwood boy whose A, B, C's were taught to him beneath a tree, among whose boughs his playtime intervals were sported with the birds and bees; but now a crown of silvered hair intensifies the weather-beaten features of Chas. Littlejohn."

The manager of our School Savings Department learned of the achievements of this great naturalist and modest gentleman through Mr. Henry Clay Hall, who prepared the above beautiful tribute to his friend especially for Bankitaly Life.

It will doubtless interest many of our readers to know the Italian equivalent of the name Littlejohn is none other than Giannini.

THE WEEK'S EVENTS IN LOCAL CIRCLES

A party of Los Angeles capitalists were here during the week looking for a site for a landing place for aero planes. They are soon to establish an airplane carrying passengers between the southern city and San Francisco. The men looked at several sites but did not agree upon any. A representative is to be here shortly to make definite arrangements for a landing place for the machines.

Wednesday evening Court Madrone Foresters of America, initiated 30 members. This big event was duly celebrated by the lodge. The drill team, under the direction of Captain Lutje, did excellent work, being commended by all for his efforts. After the ceremony all repaired to the dining hall where a sumptuous banquet was served to the new members, the old ones and invited guests. Chairman Mike Chavis of the social committee was congratulated by all for the good things he had provided. H. C. Lewis was toastmaster. The concern has 3000 acres of choice bottom land in the district which is very valuable. Among the stockholders of the company are a number of Redwood City and San Mateeo people. The land is very productive and brings an attractive rental.

It was covered with blood at the time indicating that the owner was killed in that terrific struggle. The weapon is of the 1917 model. It was on exhibition during the week in Ray Griffin's court.

Mr. Doxsee, the painter, has been awarded the contract to paint the Poole and Sprague mansions at Atherton. Mr. Doxsee was the artist who designed and painted the large Victory Loan sign that appeared in the big parade in San Francisco last week.

Chris Alexander, who conducted a barber hsop here before the war, visited friends on Wednesday. He stopped off here for a while on his way to Camp Kearney where he is to recuperate. He was wounded at a severe engagement that took place on the River Vesle just before the war closed. He still carries crutches. He enlisted in the army at the outbreak of the war.

Judge Griffin on Wednesday held Wesley Pirnie and George Neuman over to appear before the superior court on a charge of violating section 28, of the vehicle motor act, to-wit, stealing an automobile. The young men, after securing the machine from the Peerless Auto Co., proceeded down the peninsula on a joy ride. They went around by Pescadero and at La Honda ran the car into a redwood tree. Perine was thrown through the windshield and had his throat badly cut. He came near bleeding to death before assistance arrived. Their bail was fixed in the sum of $1000 each.

Ray McAuliffe, young son of Mr. and Mrs. Joseph McAuliffe, arrived in New York on Monday on his way home. His parents received a telegram from their son on Mohday afternoon stating that he had arrived at New York. Young McAuliffe was a deputy in the county surveyor's office when the war broke out. He at once enlisted in an engineering corps and departed for the front, arriving in France in August, 1917. He has seen service all through France as an engineer. He was with the engineers who erected the large dry docks at Bordeaux. Mr. and Mrs. McAuliffe had three sons in the service.

COMING BOND ELECTION IS MEETING WITH APPROVAL

The approaching bond election to raise funds to make necessary municipal improvements is finding favor and approval in every part of town. The tax payer is beginning to learn that the money is absolutely needed and must be raised to make these improvements if Redwood City is to continue as a modern city. If the people fail to vote for the bonds a direct tax will have to be levied to secure the money and this will entail a heavy burden upon property owners. Avoid this and vote for the bonds thus making the load lighter and placing some of the burden on the shoulders of others who are to come.

A portion of the money to be raised may not be used at present as the trustees may not go on with certain contemplated improvements until next year thus the big item if interest will be saved and the trustees will have the money ready when the work starts.

The outlying sewers must be completed this fall before the rainy season sets in. This work cannot be delayed, to do so would impair the whole sewer system of Redwood City. This work must be done. It has been put off so long, that further delays may result in a big loss.

Mr. Taxpayer you are to consider these things, weigh them and then go to the polls and vote for the bond issue election on Tuesday, May 27.

FRIEND W. RICHARDSON PRAISES WORK OF PRESS

Friend W. Richardson, president of the California Press Association, has sent out to all the editors of the state the following communication which shows conclusively how much the people appreciate the efforts of the press throughout the country:

During the year 1918 the newspapers of California, gladly contributed their support to every patriotic measure which would help to win the great war. It has been estimated that more than one million dollar's worth of free space was thus voluntarily given by the papers of the state to encourage the sale of Liberty Bonds, to help the Red Cross, the Y. M. C. A., the K. of C., the Salvation Army, and other worthy auxiliaries engaged in war work. With such a record as this, it was natural to suppose that the 1919 legislature would be more kindly disposed to newspapers than any legislature in the history of the state.

Our association, in December last, agreed upon a modest program and decided to attempt to hold the gains of former years, and to advocate only a few small measures which contained reasons of public policy for their support. The legislature met. As day after day passed and our small measures were assailed from many quarters, and new measures bobbed up one after the other intended to "trim" the newspapers, it gradually dawned upon our committee that the patriotic work done by the newspapers during the war, that the bouquets showered upon them by four-minute speakers and patriotic workers had not permeated into the heart and conscience of some of the legislators.

Newspapers Assailed.

The newspapers were assailed with a number of aggressive and injurious measures, and speeches were made criticising newspapermen for having the temerity to stand for their rights. Legislators who were lawyers, doctors, merchants, real estate men, insurance men, and in other vocations did not hesitate to present bills in the interests of their business, but when an editor objected to handicaps placed upon the press he was denounced as a seeker after his own interests. When an editor advocated a bill to help the small newspapers the anvil chorus rang from Fresno to San Diego and from Red Bluff to the Los Angeles court house.

Patriotism Not Appreciated.

There were many worthy men in the legislature who worked for justice to the newspapers, but there was, on the part of a number, a deep forgetfulness of the patriotism of the press. Several legislators were filled with a zeal to injure the press whenever and wherever possible. There were legislators who frankly announced themselves against all legal publications in newspapers. The opening fight was over an amendment to prevent newspapers from employing boys to carry and sell their product. The injustice to the boys was of no consequence, if the publishers could be injured. A number of measures were introduced to cut down publications, and when an editor spoke even of keeping the light of day on public affairs he was denounced as a selfish seeker for gain. Even the typewriter trust reared its head and members championed four of its bills in opposition to good business principles and the legitimate interests of printers. Bills of merit were assailed by the enemies of the press because they might be of some incidental benefit to the smaller papers of the state.

OUR SOUL WILL PAY

There was very little to find fault with in the spirit which the American people showed when the war was brought home to them daily by deeds of heroism sent back from the fields of France. In those days, beneath the selfishness of commercialism, was laid bare the soul of our people. It was the same true, untarnished soul which built the country through nearly a century and a half of struggles which tested every fiber of our being as a nation.

It is this spirit and soul of our nation which makes possible the achievement by the American people of any task which they set themselves to do from the bottom of their heart. Our nation never went into anything with a more determined will than it did to defeat the abominable militarism which had been the lone star of the German people. The American people won that battle.

The government is now making an appeal to the same spirit which won that victory. The only work that remains to be done to make sure of an oversubscription to the fifth loan is to bring home to the American spirit which won the war the realization that there is another great task which it is right to be done. That is paying the bill of the war. The American people know the bill is just and will pay it.

A dollar saved is a dollar made. Invest in War Savings Stamps.

Sarah E. Morton has applied in the superior court for letters of administration unpon the estate of her husband, John C. Morton, who died in San Francisco on March 31, 1919. At the time of his death he was a resident of Moss Beach. The estate consists of cash in bank amounting to $106.47, automobile, $250, and a certain piece of property in Marine View valued at $1000.

SPEED UP THE FIFTH LOAN SUBSCRIPTIONS

L. P. Behrens, chairman of the Victory Loan drive, reports that subscriptions for the loan are coming in slowly and that if more speed is not made very soon the county will fall short of its quota. The Redwood City district is making the best showing thus far. The county's quota is $700,000 and only forty per cent of this amount has been raised. Redwood's quota is $185,000 and a little over $95,000 has been subscribed. The subscriptions and amounts collected up to last evening are as follows:

Bank of South City subscriptions, 138, amount $67,200, Bank of Burlingame, 225, amount $26,200, Bank of taly, San Mateo, 351, amount $47,000, Nat. Bank of San Mateo, 185, amount $42,400, Bank Halfmoon Bay, 18, amount $4,550, J. C. Williamson, 25, amount $2,350, The Bank of Italy, Redwood, 65, amount $17,150, First Nat. Bnk. ST. BRUNO'S PARISH BAZAAR

Everybody on the Peninsula is cordialyl invited to St. Bruno's Parish Bazaar, to be held Thursday, Friday and Saturday evenings of this week, in Green's hall, San Bruno, near the highway. Just right in—no admission fee.

On your right, as you enter, will be the St. James booth, conducted by the excellent ladies of the St. James Society, where a copious variety of choicest articles for parlor and pantry will greet your vision.

Next the Apron booth, presided over by Mrs. C. A. Koen and Mrs. Harry Palmer, exhibiting the latest apron styles, from the plain to those of the most exquisite pattern.

Then comes the ice cream booth, in charge of Mesdames Jones and Venable, where ardent lovers of a delicious plate of ice cream, that modern ambrosia, will be served to their heart's content.

Follows, as you circle the hall, the Choir booth, where youth and beauty will distribute cool, sweet flagons of lemonade, and where Carmelita, the queen of the second-sighters, will unfold your fortune and keep silent about your past.

After this you can sit quietly in the Tea booth before a refreshing cup of tea, brewed by those charming hostesses ,Miss Mae Powers, Miss Alice Valentine, and Mrs. A. A. Pudsey. As you wander out from the tea booth, you will approach the Den of the Forty Thieves otherwise known as the Y. M. I., whose members will introduce you to some dark secrets.

If you escape the Forty Thieves you will be met by a lone, tall, dark highwayman, named J. J. Jones, who will bid you pause for a moment as he points to a magic wheel, whose revolutions bring happiness and radi nt smiles and pleasant dreams to many.

By this time you will need a stimulating cup of coffee and a slice of toothsome cake, which the winsome ladies of Millbrae will be delighted to set before you in their ample Coffee and Cake booth.

Saturday evening, May 3, from 9 to 12, will be a night of music. The Gaiety Jazz Orchestra will furnish the melodies for the ladies and gentlemen who will grace St. Bruno's Bazaar with their presence.

SEVERAL ALIENS EXAMINED FOR CITIZENSHIP PAPERS

U. S. Examiner F. S. Becker of San Francisco on Wednesday examined a large class of aliens for naturalization in the superior court before Judge Buck. Many of the applications went over to the August term for various reasons.

Norman Stanley Marcus, young son of Mr. and Mrs. W. B. Marcus of San Mateo was admitted to citizenship without examination. This distinction was shown him because he wore the uniform of the United States army. The young man just returned from the spruce forests of Washington where he served during the war and was recently mustered out of the service. He had two brothers in the service. Young Marcus is a bright young chap who could have answered any question in civil government the examiner could put to him. He greatly appreciated the honor shown him both by the court and examiner. He certainly showed his patriotism by enlisting. Mr. Marcus was born in England. The following aliens were admitted to citizenship:

John J. Battentine, Lon Sabel, Norman Stanley Marcus, Owen O'Donnell George Edward Archer, Harry Forman, John Dolland.

Those whose applications were continued to August were:

Peter Doig, K. J. Anderson, A. L. Coulon, Robert Gray,, John Lencioui, Geo. N. Shola, Morris I. Kotler, Jean P. Mondot, Charles W. Hills, G. A. Bianchini, C. W. F. M. Boolsen, E. Derruau, J. B. Tantet, R. Boschi, A. Raffaelli, P. Giansiracusa and S. Giansiracusa.

GOVERNMENT OWNERSHIP RATHER POOR POLICY

The people of the country are getting a pretty good dose of government ownership.

On May first the new telephone rates went into effect which makes a raise of fifty per cent over the former rate. This raise is not warranted by the government. A slight increase would have been sufficient to meet all demands and the patrons of the system would have been satisfied.

Hereafter a five-cent charge will be made for switches to Menlo Park, Atherton and Palo Alto. Residents of Atherton, living in the shadows of Redwood City, will be subject to this charge. The big increase is simply outrageous and is made over the protest of the State Railroad Commission. Business men will be compelled to keep their phones but many private families are to dispense with this luxury of a telephone at once. Only a short time ago a rate went into effect raising all tolls. This second increase is more than the people will stand. They are going to protest and protest with some vigor.

The present railroad fireight rates are from 18 to 25 cents per hundred pound while the pre war prices were from four to eight cents. Such a raise is not within reason. From this it would appear that government ownership is a failure. Let the government give back these utilities to the people, let there be competition and all rates will go down. Competition will regulate prices.

HERMANN SCHUSSLER PASSED AWAY IN S. F.

Hermann Schussler, the noted engineer, who passed away in San Francisco last Sunday, was a shining example of a self-made man, one who had begun at the bottom of the ladder and by persistent work and ability gained the topmost round. He was well-known in this county twenty years ago. The theatre of his life work was in San Mateo county. He often appeared before the supervisors in connection with business of the Spring Valley Water company. He was a genial man and had many friends.

Leaving his home in far away Germany as a boy he came to California. At the age of 20 he was employed as a chain man for a surveying party doing work for the Spring Valley company in this county. His attention to duty and ability came to the notice of the late William B. Lawrence, then superintendent of the company. He at once advanced the youngster and from that time on his advancement was rapid. Schussler became one of the noted engineers of the country.

At 22 he drew the plans for San Francisco's water system. The Crystal Springs dam was his work. He discovered and developed the water supply in the gravel beds at Sunol and he was the first to realize the possibilities of the Calaveras dam.

Schussler refused an appointment on the Isthmian Canal Commissfon because of a difference in opinion on the engineering of the canal. He was the author of a number of books on engineering and represented the Spring Valley in its litigation against the city's development of the Hetch Hetchy.

GROWING UP

OH LORD! HIT US ALL!

Former Secretary of the Treasury William G. McAdoo is telling this story to get buyers for the Victory Liberty Loan:

"A pastor in a New Jersey village," he said, "devoted a half hour one prayer meeting night to a loan appeal. His appeal was forcible. It even touched the rich old deacon, who hadn't subscribed to the loan hitherto on the ground that he could get a better rate of interest elsewhere.

"'I'll take $50', announced the deacon solemnly from his pew.

"Then, as he sat down, a piece of plaster fell from the ceiling, striking him a pretty hard blow on the head. He rose again hurriedly. He had a scared, awed look.

"'I mean $500', he said.

"Then Brother Jimmy Conner shouted lustily from the amen corner:

"'Oh, Lord, hit him again!'"

41 LANGUAGES AID FIFTH LOAN DRIVE

Pamphlets, posters, advertising and newspaper copy will be printed in 41 languages during the Victory Loan drive so that the campaign may be carried among people of foreign birth. All organizations with a foreign birth membership will be sent form letters and special appeals will be written by racial group leaders for publication in foreign language newspapers.

CHICAGO DAILIES HIT AT LOAN SWINDLERS

Chicago newspapers have made an agreement not to accept advertising of financial pirates offering to trade "gilt edge" securities for Liberty bonds and have started a campaign to educate the public against this swindle, through which it is estimated the public has been cheated out of more than $500,000,000 a year.

ARMY TO GET TALKS IN THRIFT CAMPAIGN

To teach thrift through subscriptions to the Victory Loan and War Savings Stamps, three lectures on wise buying will be delivered to 1,500,000 soldiers now in the service. The talks will be made under the approval of Brigadier General Edward L. Munson, General Staff, U. S. A., and will be given under the direction of the Y. M. C. A.

OUR SOUL WILL PAY

There was very little to find fault with in the spirit which the American people showed when the war was brought home to them daily by deeds of heroism sent back from the fields of France. In those days, beneath the selfishness of commercialism, was laid bare the soul of our people. It was the same true, untarnished soul which built the country through nearly a century and a half of struggles which tested every fiber of our being as a nation.

It is this spirit and soul of our nation which makes possible the achievement by the American people of any task which they set themselves to do from the bottom of their heart. Our nation never went into anything with a more determined will than it did to defeat the abominable militarism which had been the lone star of the German people. The American people won that battle.

The government is now making an appeal to the same spirit which won that victory. The only work that remains to be done to make sure of an oversubscription to the fifth loan is to bring home to the American spirit which won the war the realization that there is another great task which it is right to be done. That is paying the bill of the war. The American people know the bill is just and will pay it.

A dollar saved is a dollar made. Invest in War Savings Stamps.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

Mr. and Mrs. Paul Fagan have taken a place at Menlo Park for the summer, and during the week moved down. Mrs. Fagan will give up her work as a Red Cross motor driver during the summer.

Mrs. William Cluff and her daughter, Mrs. Mabel Cluff Miles, arrived Saturday from New York and are at the Cluff home in Menlo Park. They will spend the summer here.

"The Stars and Stripes" recently published and which was written by Denis A. Merz, the local gateman, is making quite a hit in musical circles.

Timothy Hopkins and family returned during the week to Menlo Park having spent the winter in the city.

A meeting of the Irish residents of Menlo Park met on Tuesday evening and decided to prepare for a drive to raise funds to aid the Irish cause a spreading propaganda favorable to the freedom of Ireland.

A large and enthusiastic meeting of the parishioners of the Church of the Nativity was held at the Hall of the Nativity Monday evening and discussed ways and means of bettering the appearance of Holy Cross cemetery by cleaning the walks and removing the big growth of grass. It was decided to declare Saturday, May 10th, to be clean-up day. Everyone is requested to give a day's labor towards cleaning up God's acre. Those who cannot come in the morning may do so in the afternoon and contribute their mite. Bring your spade and hoe and be prepared to do a good day's service. Should fifty people respond they would be able to place the cemetery in an attractive appearance. If you don't show up send your representative, he will do your share of the work. There is no funds available to hire men so the burden must fall upon those having relatives and friends buried in the graveyard. This resting place of the dead ought to be put in an attractive condition. We owe to our departed. Don't let George do it, do it yourself. Be on hand to clean-up day, May 10.

Mr. and Mrs. George Angus received a telegram from their only son, George, on Wednesday stating that he had arrived in New York and would soon start for home. Early in 1917 Young Angus left with an ambulance corps for France and ever since has been connected with No. 40, base hospital near the battle front doing splendid work during the heavy engagements.

A. G. C. Hahn and family departed for Del Monte during the week to spend a week or more at that delightful resort.

Captain John Munford returned from overseas during the week and greeted friends here. He formerly was the chief chauffeur for James L. Flood and resigned the position to enter the aviation branch of the service. He is an expert mechanic.

Father George Lacombe, chaplain of the 347th regiment which returned from overseas last week, celebrated mass in the Church of the Nativity last Sunday. During his sermon he took occasion to urge all to buy Victory Loan bonds. He told of the stupendous task the government had to overcome and what sacrifices the men at the front made to win the war. Those who remained at home ought to foot the bills. Father Lacombe saw active service at the front.

E. W. Hopkins opened his home here during the week. Mr. Hopkins delights in motoring on the good roads in this section, in fact this is his chief enjoyment while here.

John B. Welch, who purchased the Y. M. C. A. administration building at Camp Fremont, is moving the big structure to his lot on Mills avenue where it will be converted into a modern dwelling.

Vincent Sexton and Young Lacey, who enlisted when the war was declared and who were the first to go with an engineering corps to France, arrived in New York during the week on their way home here. The young men arrived in France on August first, 1917 and assisted in building the big dry docks and railroads at Bordeaux and other places. They made splendid records for themselves in the army.

An open air dance will take place at the Moose Club grounds on Saturday evening, May 10, under the auspices of a local organization. This will be the first open air affair of the season.
